**BOARD APPLICANT QUALIFICATIONS**

Per Board Policy BBBA, any person applying for the vacant board seat must be registered to vote, in the resident precinct. A candidate for the board of trustees will have been a resident of the area he/she represents for at least one year. The South Carolina Constitution also prohibits any person convicted of a felony under state or federal law or other crimes related to elections and voting from being elected and serving in an office in this state or its political subdivisions, including school districts. Additionally, board members should have personal integrity, intelligence and appreciation of the values of good education; be successful citizens willing and capable of assuming responsibility; have the ability to work with others and the courage of their convictions; always vote their beliefs and be champions of the public schools; and be prepared and willing to devote a large amount of time to the study of the problems of education in their own district, as well as the state and nation at large, so as to be able to interpret them to the electorate of this district.
