

**THRIVE IN EVERY
SEASON OF YOUR
LIFE!**

THRIVE FAMILY SERVICES, LLC is a counseling agency created to support and improve mental health stability through all facets of life. Thrive's counselors provide quality clinical care that is focused on providing the right level of support and mental health management aligned with the consumers' goals. Thrive is proudly serving the community by offering these services: outpatient therapy, diagnostic assessments, trauma focused therapy, therapy for military personnel and veterans, addiction counseling, life transition therapy, grief counseling, couples counseling (pre-marital and marital), behavioral support, and more.

We are in-network with all major insurances and all South Carolina Medicaid.

Get Grounded with Roots Psychiatry & Wellness

Roots Psychiatry & Wellness, LLC

Roots was established to provide additional support for individuals who desire the mental health stability needed to truly Thrive. Roots staff will collaborate with local providers to appropriately address your medication needs. If you are suffering from a mental illness and you feel medication would help in the process of healing, then let us help you on your journey.

Executive Life Coaching

Roots also offers professional coaching for those individuals desiring general self-improvement; such as setting goals, creating action plans, building awareness, and identifying development opportunities. Our Nationally Certified Executive coach is here to support, encourage and help find solutions in a positive and safe atmosphere. Individual and group coaching are available.
