October 21, 2015

To the Citizens of Clover School District No. 2:

We are pleased to submit the *Comprehensive Annual Financial Report ("CAFR")* of Clover School District No. 2 ("School District") for the fiscal year ended June 30, 2015. State law requires that all school districts publish within five months of the close of each fiscal year a complete set of financial statements. This report has been prepared in conformity with generally accepted accounting principles ("GAAP") as set forth by the Governmental Accounting Standards Board ("GASB") and other recognized authoritative sources.

This report consists of management's representations concerning the finances of the School District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented. To provide a reasonable basis for making these representations, management of the School District has established a comprehensive internal control framework that is designed both to protect the School District's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the School District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the School District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance, that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. We also believe that all disclosures necessary to enable the reader to gain an understanding of the School District's financial activities have been included.

The School District's financial statements have been audited by Greene, Finney & Horton, LLP. The goal of the independent audit was to provide reasonable assurance that the financial statements of the School District for the fiscal year ended June 30, 2015 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the School District's financial statements for the year ended June 30, 2015 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the School District was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this comprehensive annual financial report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the financial statements in the form of Management’s Discussion & Analysis (“MD&A”). This letter of transmittal is designed to complement MD&A and should be read in conjunction with the MD&A, which can be found immediately following the report of the independent auditors.

REPORTING ENTITY

The School District defines its reporting entity by applying the criteria set forth in GASB #14 and GASB #39 to potential component units. Briefly, a component unit is an organization for which the School District is financially accountable or other organizations that, because of the nature or significance of their relationship with the School District, would cause the School District’s financial statements to be misleading or incomplete if they were omitted from the reporting entity. These criteria are discussed in more detail in Note 1 to the financial statements.

Using these criteria, management has determined that the School District has no component units, nor is it a component unit of any other organization.

GENERAL INFORMATION, LOCAL ECONOMIC CONDITION AND OUTLOOK

The School District is one of four K-12 school districts within York County and is located in the northern section of the County bordering North Carolina. It encompasses the entire Town of Clover and includes approximately 28% of the County’s total assessed value.

The School District has been providing educational programs since 1915 when one school with an enrollment of 202 was established. It was established in its present form in 1953 when five rural districts were consolidated. Presently the School District serves 7,087 students in grades pre-K through 12th and projects enrollment to increase to 7,350 students for 2015-2016 fiscal year. The School District currently operates nine schools: Bethany Elementary (preK-5), Bethel Elementary (preK-5), Kinard Elementary (preK-5), Griggs Road Elementary (preK-5), Larne Elementary (preK-5), Crowders Creek Elementary (preK-5), Clover Middle (6-8), Oakridge Middle (6-8), and Clover High (9-12). The active school buildings in the School District were constructed at various dates ranging from 1951 to 2012.

During the 2011-2012 school year, the School District was evaluated and accredited by AdvancED. School District accreditation is a national protocol for school districts committed to systemic, systematic, and sustainable improvement. When a district earns accreditation, all schools in the district must meet the AdvancED Accreditation standards for quality school systems, engage in continuous improvement, and demonstrate quality assurance through internal and external review. Accreditation standards a district must demonstrate are:

- Vision and Purpose
- Governance and Leadership
- Teaching and Learning
- Documenting and Using Results
- Resources and Support Systems
- Stakeholder Communications and Relationships
- Commitment to Continuous Improvement

The School Board of Trustees is made up of seven members, five of whom must live in certain geographic areas and two of whom are elected at large. All qualified electors are eligible to vote for each member of the Board. The Board meets the third Monday of each month except for July and December. The Superintendent is appointed by the Board of Trustees and is responsible to the Board for the operation of all phases of the School District's activities.

York County is located in the Piedmont section of South Carolina and is bordered on the north by North Carolina. The county has a land area of 685 square miles and had a population of 239,363 in 2013. This figure represents an approximate 5.9% increase in population over the 2010 census of 226,073. The District encompasses approximately 142 square miles of the County. The County's per capita income was \$36,688 in 2013. The County's unemployment rate was 6.0% at June 30, 2015. The County is served by two major interstates, Interstate 85 and Interstate 77, which provide access to the larger metropolitan area of Charlotte, North Carolina.

While industrial and manufacturing plants are still a major source of employment for York County residents, a broader, more diversified base of employment also exists in the County, with Duke Energy Corporation, Wells Fargo Home Mortgage, the County of York, Winthrop University, Cedar Fair Entertainment Company-Carowinds, and all four of the County's school districts being in the list of top 25 employers in the County.

MAJOR INITIATIVES

The District focused the 2014-2015 fiscal year on closing the achievement gap and improving test scores. The following are initiatives implemented within the 2014-2015 fiscal year:

Academic Resources:

- Through continued collaborative efforts with York County Early Learning Partnership and York County First Steps, the free medical clinic offered within

Clover Family Resource Center/Bright Beginnings offers services of a family nurse practitioner in addition to a pediatrician and nurse.

- The School District continues to partner with York Technical College to expand our ability to bring dual credit opportunities to our students. York Tech has made it possible for the district to administer the COMPASS college placement test to targeted juniors/seniors. These test scores will be used as the main qualifying criteria for admittance into dual credit courses offered at Clover High School through York Technical College.
- The School District continued with the Middle College program with a joint partnership with York Technical College. The program is a non-traditional high school program designed for juniors and seniors with a high aptitude and potential for college success. The long-term goal of the Middle College is to promote a college going culture by engaging students in relevant learning while providing them an opportunity to graduate.
- The School District continued an Elementary After School Tutoring Program to provide additional instructional time for identified students. Students selected based on teacher recommendations and PASS/MAP results receive targeted instruction to support the daily core curriculum and instructional standards.

Literacy:

- The School District hosted a summer reading program, which included a mobile library. Books on Wheels made several stops throughout the school district to make age-appropriate books available to school-aged children who do not have access to school libraries during the summer months.
- The School District continues to partner with the Early Learning Partnership of York County and York County First Steps in support of the Dolly Parton Imagination Library. This program encourages reading by mailing a developmentally appropriate book each month to over 400 children ages birth to five years.
- Schools in the School District continued to implement reading programs in order to promote literacy and prevent regressions of reading and comprehension skills.

Construction:

- Construction began on a new elementary school, a replacement middle school, and an aquatics center.
- Artificial turf was installed on the high school and middle school football fields.
- Renovations were substantially completed on the district stadium.

District-Wide Accomplishments for FY 2014-2015 were as follows:

- The School District received an “Excellent” rating for both performance and growth on the 2014 SC Annual School District Report Card, which rated the district as one of the highest performing districts in the state.
- The majority of the schools earned the Palmetto Gold Award from the State for General Performance. In addition four schools earned the Palmetto Gold or Silver for Closing the Achievement Gap.
- Bethany Elementary and Kinard Elementary Schools were the recipients of the 2014-2015 Title I Reward Schools for Performance. This award is given to the highest performing Title I schools in a given year.

- Oakridge Middle School's 7th Grade Academic Team won the Division I Olde English Consortium regional championship.
- Clover High Schools Choraliers achieved the title of state champions for the 11th time in the past 13 years.
- Clover High School AF/JROTC was selected as one of the units to receive the 2014-2015 Air Force Junior ROTC Distinguished Unit Award. This award recognizes AF/JROTC units that have performed above and beyond normal expectations, and that have distinguished themselves through outstanding services to their school and community while meeting the AF/JROTC mission of producing better citizens for America.
- The School District has 113 teachers who have achieved the National Board Certification.
- The School District continues to work in collaboration with the Second Harvest Food Bank of Metrolina in the "backpack" program for students in our district who are in need of food in their homes over the weekends.
- The School District continued the lunch buddy program. This program allows community members into the schools to work with students.
- The School District continued to invest in a one-to-one technology initiative for first through twelfth grade students.
- The School District's natural grass football field was named the 2014 National Football Field of the Year.

FINANCIAL INFORMATION

Budgetary Control

The School District's budget process is developed using, as a foundation, the School District's Motto, Mission Statement, Values, and Beliefs.

School District's Motto

Each child, Each day...Excellence

School District's Mission Statement

Clover Schools will prepare each child for a successful, productive and responsible future.

School District's Values

Our value statements define how we, as quality educators, work with each other and those we serve. These statements reflect our shared beliefs and fundamental assumptions and guide us in our actions.

We Value:

- Meaningful experiences that shape students' vision for the future
- Continuous improvement through collaboration
- Individualized and personally relevant education

- Safe and nurturing environment

School District's Beliefs

- The purpose of school is to design meaningful experiences where students acquire knowledge and skills to successfully explore the challenges of today and tomorrow.
- The responsibility of leaders is to provide the vision, time, resources, and collaborative environment that promote continuous improvement.
- The focus of educators is to design engaging, meaningful work for all students and ensure that they learn to their highest potential.
- The role of the school, parents, and community is to create a safe and supportive environment for all students to learn and thrive.

The School District exercises budgetary controls in order to ensure compliance with the provisions set forth in the annual budget adopted by the Board of Trustees. Beginning in February, the principals provide the Assistant Superintendent for Business Services with their lists of personnel and facility needs for the upcoming school year. These are prioritized and discussed with the Superintendent. A proposed budget is then prepared and presented to the Board of Trustees which adopts the General Fund budget by June 30th. The School District utilizes the modified accrual basis of accounting for all governmental funds and uses encumbrance accounting to accomplish budgetary control at the function level. School District policies allow the Superintendent or Assistant Superintendent for Business Services to authorize transfers between function and object accounts as long as the total spending does not exceed the approved budget. Board approval is required for additional personnel positions and supplemental appropriations that are additional to the budget. Encumbrance accounting is utilized to assist in budgetary control and encumbrances lapse at year end. The Board is provided a budget status report for both general fund revenues and expenditures on a monthly basis for review.

Special revenue fund budgets are controlled in conformance with the specific requirements of that fund, and budgets are not legally adopted. Budgets are not adopted for the Capital Projects Fund or the Debt Service Fund. Debt Service expenditures are set in accordance to the bond issue requirements, with revenues needed to pay the debt service requirements levied by the County Auditor.

Subsequent to the adoption of the budget by the Board, the Assistant Superintendent for Business Services certifies to the County Auditor the amount of millage required to raise sufficient funds to defray the cost of operating the School District and to pay the bonded indebtedness incurred by the School District. Pursuant to Act No. 449 enacted during the 1975 Session of the General Assembly of the State of South Carolina, the General Assembly provided for the levying of school taxes for the School District. Part III, Section 6 of Act No. 449 empowers the Board of the School District to levy taxes to provide funds for school operating expenses provided such levy may not be increased more than four mills in any year over that levied for a preceding year without the approval of the qualified electors of the School District voting in a referendum. Act No. 744 enacted at the 1990 Session of the General Assembly of South Carolina increased this limitation from four to six mills.

Since 1969, a county-wide millage has been levied for the operation of the four school districts of York County pursuant to Act No. 1663 of the Acts and Joint Resolutions of the General Assembly for the year 1968. Beginning with the 1981-82 school year and continuing through the 1986-87 school year, the proceeds of the county levy were distributed on a per pupil (average daily membership) basis to the four districts within the County. However, pursuant to the provisions of Act No. 292 passed by the General Assembly in 1987, authorization was provided to distribute the receipts from one mill levied under the countywide school levy to the school district with the lowest assessed value. Pursuant to the provisions of Act No. 744 enacted during the 1990 Session of the General Assembly of the State of South Carolina, the countywide levy was raised to thirty-three mills and the authorization to distribute the receipts from one mill to the district with the lowest assessed value was continued. After reappraisal of all property in calendar year in 2005, the total of countywide mills was reduced to thirty. Currently, York School District One has the lowest assessed value in the County.

Long Term Financial Planning

Providing adequate, safe facilities is a primary objective of the School District and currently no mobile units are used as classrooms. The School District evaluates facilities on an ongoing basis in order to provide additional instructional space prior to the existing space becoming overcrowded. The School District projects needs three to five years in the future and uses a combination of in-house resources and consultants in order to provide information for the Board to use in making decisions.

The unassigned fund balance in the General Fund at year-end was \$18,236,385. The School District has a goal of an unassigned fund balance in the General Fund of approximately 25% of the subsequent year's budget. Any resources in excess of that amount are restricted for future capital needs. The School District believes that a positive fund balance in this range is sound financial management. Such a fund balance serves several purposes. The first is to ensure that the instructional program is not interrupted by unexpected budgetary constraints such as state budget cuts which have been enacted in recent years. Secondly, the School District does not have to utilize short term tax anticipation notes to provide adequate cash flow in the later months of the year. The third purpose is to maintain a positive bond rating when bonds are issued.

OTHER INFORMATION

Independent Audit

State statutes require an annual audit by independent certified public accountants. The accounting firm of Greene, Finney, and Horton, LLP, was selected by the School District's Board of Trustees to perform the School District's annual audit for the fiscal years ending 2005 through 2017. In addition, the audit was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the provisions of OMB Circular A-133. The auditor's report on the financial statements is included in the Financial Section of this report, and the auditor's report related specifically to the single audit is included in the Compliance Section of this report.

Awards

Our Comprehensive Annual Financial Report for fiscal year ended June 30, 2014 was a recipient of the prestigious awards of excellence, from both the Government Finance Officers Association ("GFOA") with their Certificate of Achievement for Excellence in Financial Reporting, and from the Association of School Business Officials ("ASBO") with their Certificate of Excellence in Financial Reporting. These two awards are made only to governmental units that publish a comprehensive annual financial report that is easily readable, efficiently organized, and conform to program standards, as well as satisfy generally accepted accounting principles and applicable legal requirements.

These awards are valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet each program's requirements, and we are submitting it to the GFOA and to ASBO to determine its eligibility for another certificate.

Acknowledgements

The completion of this comprehensive annual financial report is attributed to the hard work and professional dedication of the entire Finance Department. Their dedication and efficient services have made the timely preparation of this report possible. I would like to acknowledge the cooperation and assistance of the School District's school and departmental administration throughout the year in the efficient management of the District's financial operations. I would also like to thank our audit firm Greene, Finney, & Horton, LLP for their professional services in auditing the information contained within this document and their invaluable assistance with the compiling and printing of this financial report.

The administration would also like to thank the entire School Board of Trustees for their continued support of excellence in financial reporting and fiscal integrity. Without their help, we would not be able to maintain the exceptional staff needed to assure such a high level of competency.

This report reflects the School District's commitment to the citizens of Clover School District No. 2 and the financial community to provide information in conformance with the highest standards of financial accountability.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Clover School District No. 2
Clover, South Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clover School District No. 2, South Carolina (the "School District"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Clover School District No. 2, South Carolina, as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note I.B to the financial statements, in the year ended June 30, 2015 the District adopted the provisions of Governmental Accounting Standards Board (“GASB”) Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management’s discussion and analysis, budgetary comparison schedule - General Fund, and the pension plan schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District’s basic financial statements. The introductory section, supplementary information, statistical section, and the schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, all of which can be located in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2015 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

This discussion and analysis of the Clover School District No. 2's (the "School District") financial performance provides an overview of the School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to present the School District's financial performance as a whole; readers should also review the transmittal letter, the financial statements and the notes to the financial statements to enhance their understanding of the School District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2015 are as follows:

- The assets and deferred outflows of resources of the School District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$65.0 million. Unrestricted net position was a deficit of approximately \$21.3 million.
- The School District's total net position decreased by approximately \$1.4 million. Most of this decrease in total net position is due an increase in interest expense.
- As of the close of the current fiscal year, the School District's governmental funds reported combined ending fund balances of approximately \$124.9 million, an increase of approximately \$55.1 million from the prior year. Approximately \$18.2 million (14.6% of the total fund balance amount) is unassigned and is available for spending at the government's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was approximately \$18.2 million, which was approximately 27% of total current year General Fund expenditures.
- The School District's total capital assets increased by approximately \$16.2 million (approximately 12.3%) during the current fiscal year. Key factors in this increase were capital asset additions of approximately \$20.0 million, partially offset by depreciation expense of approximately \$3.8 million.
- The School District's total debt (including premiums) increased by approximately \$71.8 million (125.8%) during the fiscal year due to issuance of approximately \$122.6 million in bonds and premiums partially offset by scheduled principal payments of \$3.1 million, defeased bonds of approximately \$45.7 million, and amortization of the premium of approximately \$2.0 million.
- During the 2015 fiscal year, the School District's governmental funds' revenues were approximately \$89.3 million compared to approximately \$90.1 million in the prior year. This decrease of approximately 1.0% was primarily due to lower revenues from taxes, partially offset by increases in other local sources.
- The School District had approximately \$107.4 million in governmental funds' expenditures, compared to approximately \$90.1 million in the prior year. This increase was primarily due to increases in instruction and support services for the General Fund, combined with increase in construction related activities in the Capital Projects Fund.
- The School District implemented Governmental Accounting Standard Boards ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* ("GASB 68") and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68* ("GASB #71") and collectively "Statements" in the year ended June 30, 2015. These Statements require the School District to recognize a net pension liability, deferred outflows of resources (including pension contributions made after the measurement date) and deferred inflows of resources for its participation in the South Carolina Retirement System ("Plan"), cost-sharing multiple-employer defined benefit pension plans, on financial statements prepared on the economic resources measurement focus and accrual basis of accounting (the statement of net position) and presents more extensive note disclosures.

The adoption of these Statements had no impact on the School District's governmental fund financial statements, which continue to report expenditures in the amount of the actuarially determined contributions, as required by the South Carolina Public Employee Benefit Authority who administers the plan. However, the adoption has resulted in the restatement of the School District's net position as of July 1, 2014 for its government-wide financial statements to reflect the reporting of net pension liabilities, deferred outflows of resources, and deferred inflows of resources for its qualified pension plan in accordance with the provisions of these Statements. Net position of the School District's government-wide financial statements as of July 1, 2014 was decreased by approximately \$79.1 million, reflecting the cumulative change in accounting principle related to the adoption of these Statements. See Note IV.A in the notes to the financial statements for more information regarding the School District's pensions.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – *Introductory Section*, *Financial Section* (which includes management's discussion and analysis, the financial statements, and the combining and individual fund schedules), *Statistical Section* and the *Compliance Section*.

Government-Wide Financial Statements. The financial statements include two kinds of statements that present different views of the School District. The first two statements are *government-wide financial statements* that provide a broad overview of the School District's overall financial status, in a manner similar to a private-sector enterprise.

The *Statement of Net Position* presents information on all of the School District's assets, deferred outflows (if any), liabilities, and deferred inflows (if any), with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The *Statement of Activities* presents information showing how the School District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, for some items, revenues and expenses are reported in this statement that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the School District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the School District include instruction, support services, community services and intergovernmental. The School District does not report any business-type activities.

Fund Financial Statements. The remaining financial statements are *fund financial statements* that focus on *individual parts* of the School District, reporting the School District's operations in more detail than the government-wide statements.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the School District can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The School District maintains six individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Special Revenue Fund, Special Revenue – Education Improvement Act ("EIA") Fund, Special Revenue – Food Service Fund, Debt Service Fund, and Capital Projects Fund, all of which are considered to be major funds.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the School District's own programs. The School District is the trustee, or fiduciary, for the pupil activities of the schools and accounts for this activities in an agency fund. The fiduciary fund financial statement can be found as listed on the table of contents of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The combining and individual fund schedules referred to earlier in connection with governmental funds can be found as listed in the table of contents of this report.

The School District has a legally adopted budget only for its General Fund. A budgetary comparison schedule for this fund has been provided as required supplementary information for this fund to demonstrate compliance with its budget.

The government-wide financial statements, the fund financial statements, the notes to the financial statements, and other information can be found as listed in the table of contents.

Figure A-1 Major Features of the School District's Government-Wide and Fund Financial Statements			
	Government-Wide Financial Statements	Fund Financial Statements	
		Governmental Funds	Fiduciary Funds
Scope	Entire School District government (except fiduciary funds)	The activities of the School District that are not proprietary fiduciary	Instances in which the School District is the trustee/agent for someone else's resources
Required Financial Statements	<ul style="list-style-type: none"> Statement of Net Position Statement of Activities 	<ul style="list-style-type: none"> Balance sheet Statement of Revenues, Expenditures, and Changes in Fund Balances 	<ul style="list-style-type: none"> Statement of Fiduciary Assets and Liabilities
Accounting basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Balance Sheet Information	All assets, liabilities, and deferred outflows/inflows of resources, both financial and capital, and long term obligations	Only assets and deferred outflows of resources (if any) that are expected to be used and liabilities and deferred inflows of resources (if any) that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both short-term and long-term; the School District's funds do not currently contain capital assets, although they can
Type of Inflow/Outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School District, assets exceeded liabilities by approximately \$65.0 million at the close of the current and prior fiscal year.

The following table provides a summary of the School District's net position as of June 30, 2015 compared to June 30, 2014:

Net Position - Governmental Activities

	2015 *	2014
Assets		
Current and Other Assets	\$ 143,385,360	\$ 82,848,465
Capital Assets, Net	147,466,409	131,301,166
Total Assets	<u>290,851,769</u>	<u>214,149,631</u>
Deferred Outflows of Resources		
Deferred Pension Charges	<u>7,061,492</u>	<u>-</u>
Liabilities		
Other Liabilities	97,258,515	11,482,794
Long-Term Liabilities	128,866,867	57,062,950
Total Liabilities	<u>226,125,382</u>	<u>68,545,744</u>
Deferred Inflows of Resources		
Deferred Pension Credits	<u>6,767,901</u>	<u>-</u>
Net Position		
Net Investment in Capital Assets	71,311,344	74,238,216
Restricted	14,976,974	14,675,060
Unrestricted	(21,268,340)	56,690,611
Total Net Position	<u>\$ 65,019,978</u>	<u>\$ 145,603,887</u>

* The School District implemented GASB 68 and GASB 71 in FY 2015.

The School District's current and other assets at June 30, 2015 increased by approximately \$60.5 million from the prior year, primarily due to increase in cash held by county treasurer. The School District's capital assets at June 30, 2015 increased by approximately \$16.2 million from the prior year. The increase was primarily due to construction of the new middle and elementary school, partially offset by depreciation expense of approximately \$3.8 million. Total liabilities at June 30, 2015 increased by approximately \$157.61 million from the prior year. This increase was primarily due to increase in long term obligations and the net pension liability due to the implementation of GASB 68 and GASB 71.

The School District's net position decreased by approximately \$80.6 million during 2015, which is the result of current year expenses exceeding current year revenues, combined with a restatement of net position of approximately \$79.1 million due to the implementation of GASB 68 and GASB 71. See discussion following the next table regarding this increase.

Assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources (net position) by approximately \$65.0 million at the close of the most recent fiscal year. By far the largest portion of the School District's net position (approximately \$71.3 million) reflects its investment in net capital assets (i.e., land, buildings, furniture and equipment, etc.) less any related outstanding debt used to acquire those assets. The School District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the School District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay these long-term obligations must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

An additional portion of the School District's net position of approximately \$15.0 million represents resources that are subject to external restrictions on how they may be used. This net position is restricted for debt service payments and special revenue programs (which are restricted by the revenue source). The remaining balance is unrestricted net position of approximately (\$21.3 million).

The following table shows the changes in net position for fiscal year 2015 compared to 2014.

Change in Net Position - Governmental Activities

Revenues	2015	2014
Program Revenues:		
Charges for Services	\$ 2,475,068	\$ 2,546,110
Operating Grants	24,018,620	23,328,491
General Revenue:		
Taxes	62,646,564	64,219,035
Other	509,999	317,095
Total Revenues	<u>89,650,251</u>	<u>90,410,731</u>
Program Expenses		
Instruction	48,992,201	45,869,619
Support Services	35,328,095	35,040,645
Intergovernmental	86,437	104,428
Interest and Fiscal Charges	6,681,996	2,590,782
Total Program Expenses	<u>91,088,729</u>	<u>83,605,474</u>
Change in Net Position	(1,438,478)	6,805,257
Net Position, Beginning of Year	145,603,887	138,798,630
Adjustment - Implementation of GASB 68	(79,145,431)	-
Net Assets, Beginning of Year - Adjusted	<u>66,458,456</u>	<u>138,798,630</u>
Net Position, End of Year	<u>\$ 65,019,978</u>	<u>\$ 145,603,887</u>

Governmental Activities. The School District's net position for Governmental Activities decreased by approximately \$1.4 million or 1% from 2014 to 2015. Key elements that impacted the change in net position for 2015 are as follows:

- Operating expenses of the School District exceeded the total revenues (as interest and fiscal charges increased approximately \$4.1 million, partially offset by an increase in operating grants).
- The implementation of GASB 68 and GASB 71 resulting in an adjustment of net position of approximately \$79.1 million.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

As noted earlier, the School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The analysis of governmental funds serves the purpose of determining available fund resources, how they were spent and what is available for future expenditures. Did the government generate enough revenue to pay for current obligations? What is available for spending at the end of the year?

For the year ended June 30, 2015, the School District's governmental funds reported a combined fund balance of approximately \$124.9 million, which increased approximately \$55.1 million from the prior year, as increases in the General Fund (approximately \$0.2 million), Capital Projects Fund (approximately \$54.1 million), and Debt Service Fund (approximately \$0.7 million) were offset by decreases in the Special Revenue Funds (approximately \$0.1 million). In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At June 30, 2015, the School District's unassigned fund balance for all governmental funds was approximately \$18.2 million, consisting entirely of the General Fund. The remaining approximately \$106.7 million is primarily restricted or assigned for special revenue, special education, capital projects, debt service, and food service.

The General Fund is the chief operating fund of the School District. At the end of the current fiscal year, unassigned fund balance of the General Fund totaled approximately \$18.2 million (which was also the total fund balance). The fund balance for the School District's General Fund increased by approximately \$0.2 million (1%) during fiscal year 2015. The School District has a goal of 25% of its subsequent year's operation budget as its unassigned fund balance for the General Fund.

The School District's major funds include the General Fund, as described above, Special Revenue Fund, Special Revenue-EIA Fund, Special Revenue – Food Service Fund, Debt Service Fund, and Capital Projects Fund.

The School District's Special Revenue Fund and Special Revenue – EIA Fund, generally are used to account for revenues derived from the State of South Carolina and the Federal Government. In general, these Special Revenue Funds do not have significant fund balances as revenues should be expended, deferred, or returned to the grantor. The Special Revenue – Food Service Fund is used to account for the School District's food service operations. The fund balance remained fairly constant compared to the prior year.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS (CONTINUED)

Governmental Funds (Continued)

The Debt Service Fund is shown in the accompanying financial statements of the School District. This fund is used to account for principal and interest payments on School District indebtedness. The fund balance for the Debt Service Fund increased by approximately \$0.7 million from the prior year's balance, primarily due to issuance of long term obligations. The fund balance was approximately \$15.2 million at June 30, 2015, which is restricted for the payment of debt service.

The Capital Projects Fund is utilized to account for the School District's significant capital project transactions. The fund balance for the Capital Projects Fund increased by approximately \$54.2 million in 2015 to approximately \$90.5 million at June 30, 2015. The increase was primarily due to the issuance of long term obligations, transfers of \$3.2 million from the General Fund and investment earnings and other local revenues of approximately \$0.2 million offset by construction related expenditures of approximately \$19.9 million.

General Fund Budgetary Highlights

The School District's budget is prepared according to South Carolina law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The School District has only one legally adopted budget – the General Fund. During the course of fiscal year 2015 no amendments to the School District's General Fund revenue or expense budgets were made. Key budget to actual highlights are as follows:

- The School District's total assessed value for property taxes was lower than anticipated at budget time.
- Student enrollment increased.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2015, the School District's investment in capital assets was approximately \$147.5 million, net of accumulated depreciation. The total increase in the School District's investment in net capital assets was approximately \$16.2 million, or 12.3%.

The following table shows the capital asset balances as of June 30, 2015 compared to June 30, 2014:

Capital Assets - Governmental Activities

	2015	2014
Land	\$ 13,978,346	\$ 13,897,688
Construction in Progress	21,381,709	2,778,858
Building and Improvements	149,587,399	148,363,109
Machinery and Equipment	5,767,143	5,671,536
Less: Accumulated Depreciation	(43,248,188)	(39,410,025)
Totals	<u>\$ 147,466,409</u>	<u>\$ 131,301,166</u>

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

CAPITAL ASSET AND DEBT ADMINISTRATION (CONTINUED)

Capital Assets (Continued)

Major capital asset events during the current fiscal year included:

- Construction costs for new middle and elementary schools, and aquatics center totaling approximately \$19.8 million.
- Various other additions of approximately \$0.2 million.
- Depreciation expense of approximately \$3.8 million.

For more information on the School District's capital assets, see Note III.F in the notes to the financial statements.

Debt Administration

As shown in the table below, the School District had outstanding debt of approximately \$128.9 million and \$57.1 million as of June 30, 2015 and 2014, respectively. During 2015, the School District issued two new bonds totaling approximately \$108.4 million and made scheduled principal payments on debt of approximately \$3.1 million, and recognized amortization of premium of approximately \$0.5 million. All of the School District's debt is backed by the full faith and credit of the School District as is typical with general obligation ("GO") bonded indebtedness.

Outstanding Debt, at Year End

Long-Term Debt	2015	2014
2007-A GO Bonds	\$ 6,710,000	\$ 55,490,000
2014 GO Bonds	67,000,000	-
2015 Refunding Bonds	41,400,000	-
Premium - 2007-A GO Bonds	-	1,572,950
Premium - 2014 GO Bonds	5,466,375	-
Premium - 2015 Refunding	8,290,492	-
	<u>\$ 128,866,867</u>	<u>\$ 57,062,950</u>

The State limits the amount of general obligation debt that school districts can issue to 8% of the assessed value of all taxable property within the School District's corporate limits. The School District's constitutional debt limit at June 30, 2015 was approximately \$25.6 million. There was no outstanding debt that is subjected to this limit, as all debt was approved by voter referendum.

The premiums on the outstanding bonds are shown on the government-wide statement of net position as a deferred long-term obligation and is being amortized over the life of the bonds in accordance with generally accepted accounting principles. The amortization will result in the School District spreading out the additional proceeds received from the premium over the life of the GO bonds.

More detailed information about the School District's debt and other long-term obligations is presented in Note III.G in the notes to the financial statements.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2015

ECONOMIC FACTORS

The School District is located in the northern part of York County in the northernmost section of South Carolina and includes the Town of Clover, which is the largest municipality in the School District, with a 2011 population of 5,094. The School District is bordered on the north by the State of North Carolina, the east by Lake Wylie, the south by York School District No. 1 and the west by Cherokee County and encompasses a land area of approximately 142 square miles.

The School District has been in operation since 1915 when one school with an enrollment of 202 was established. Presently, the School District operates nine schools and has a total enrollment of approximately 7,100 students. The School District in its present form was established in 1953 when five former school districts were consolidated into the School District.

Industry in the School District consists of two yarn mills, a carpet yarn plant, a plant making computer components, an automotive brake pads plant, a textile machinery plant, a plant manufacturing rubber gloves and other rubber products, several knit fabrics plants, a plant manufacturing metalworking tools, and several lesser industries.

Duke Power Company has constructed the Catawba Nuclear Station consisting of two nuclear units estimated to cost approximately \$4 billion. The combined number of employees for the Catawba Nuclear Station and Duke Power Company is approximately 1,200. Unit 1 was placed in commercial operation in June, 1985 and was in the School District's tax base for tax year 1986-87. Commercial operation of Unit 2 commenced in August, 1987 and was in the School District's tax base for tax year 1987-88.

Ownership of the Catawba Nuclear Station is comprised of North Carolina Municipal Power Agency (39%), North Carolina Electric Membership Association (29%), Piedmont Municipal Power Agency (13%), Saluda River Electric Cooperative (10%) and Duke Power (8%). The power agencies are obligated to pay a sum in lieu of taxes to the appropriate taxing authorities equivalent to the taxes that would be due if such property were not exempt from taxation.

The nuclear station comprises approximately 48% of the School District's total property tax assessment. Last year, the station comprised 50% of the total property tax assessment. The depreciation of the station is causing the tax burden to shift away from the nuclear station. The School District has historically collected approximately 99% of the taxes levied.

FY 2016 BUDGET

Many factors were considered by the School District's administration during the process of developing the fiscal year 2015-2016 budget which is balanced without using reserve funds. The School District's top two goals were to improve academic achievement and to support its ongoing building program. Salary increases for employees range from 0% to 2.0% for budget year 2015-2016. Barring unforeseen circumstances, the current budget for operations will allow the School District to maintain its strong financial position.

CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide those interested with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, at Clover School District No. 2, 604 Bethel Street, Clover, South Carolina, 29710.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION

JUNE 30, 2015

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS	\$	124,973,216
---	-----------	--------------------

Amounts reported for the governmental activities in the Statement of Net Position are different because:

Property taxes receivable will be collected in the future, but are not available soon enough to pay for the current period's expenditures therefore are unavailable in the funds.	2,738,024
---	-----------

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is \$190,714,596, and the accumulated depreciation is \$43,248,187.	147,466,409
---	-------------

Accrued interest on the bonds in governmental accounting is not due and payable in the current period and therefore is not reported as a liability in the funds.	(1,307,815)
--	-------------

The District's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State pension plans are not recorded in the governmental funds but are recorded in the Statement of Net Position.	(79,982,989)
---	--------------

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities consisted of the following:

Long-Term Debt	(115,110,000)	
Net Premium	(13,756,867)	(128,866,867)
	<hr/>	<hr/>

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES**

YEAR ENDED JUNE 30, 2015

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS	\$ 55,114,600
---	----------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This amount represents the change in unavailable revenues for the year.	359,954
--	---------

Repayment of bond principal including bonds that have been defeased is an expenditure in the governmental funds, but the payment reduces long-term liabilities in the Statement of Net Position.	48,780,000
--	------------

Bond and capital lease proceeds provide current financial resources to governmental funds, but issuing debt or entering into capital leases also increases long term liabilities in the Statement of Net Position. This is the proceeds received in the current year (including premiums).	(121,117,160)
--	---------------

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds only when it is due and payable and thus requires the use of current financial resources. However, in the Statement of Activities interest expense is recognized as the interest accrues, regardless of when it is due and payable. This is the change in accrued interest for the year.	(436,800)
---	-----------

Bond premiums are reflected as other financing sources in the governmental funds when they are received but are amortized over the lives of the bonds in the Statement of Activities. This amount is the difference between the premiums received and the amortization for the current period.	533,243
--	---------

Changes in the District's proportionate share of the net pension liability, deferred outflows of resources, and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the Statement of Activities.	(837,558)
--	-----------

Governmental funds report capital asset additions as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives as depreciation. This is the amount by which capital asset additions of \$20,003,405 exceeded depreciation expense of \$3,838,162 in the current period.	16,165,243
---	------------

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ (1,438,478)

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

Clover School District No. 2, South Carolina (the “School District”) is controlled by a Board of Trustees (the “Board”), which has oversight responsibility over the public school educational activities in the School District. The School District receives funding from local, state and federal government sources and must comply with the related requirements of these funding source entities. The School District is governed by a seven member Board.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District’s accounting policies are described below.

A. Reporting Entity

The School District is controlled by a Board of Trustees (the “Board”), which has oversight responsibility over the public school education activities in the School District. The School District is not included in any other governmental “reporting entity” as defined in the GASB Sec. 2100.108 since Board members are elected by the public and have decision making authority, the power to designate management, the ability to significantly influence operations and the primary accountability for fiscal matters. For these reasons, the School District is recognized as a primary government in accordance with GAAP.

As required by GAAP, the financial statements must present the School District’s financial information with any of its component units. The primary criterion for determining inclusion or exclusion of a legally separate entity (component unit) is financial accountability, which is presumed to exist if the School District both appoints a voting majority of the entity’s governing body, and either 1) the School District is able to impose its will on the entity or, 2) there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the School District. If either or both of the foregoing conditions are not met, the entity could still be considered a component unit if it is fiscally dependent on the School District and there is a potential that the entity could either provide specific financial benefits to, or to impose specific financial burdens on the School District.

In order to be considered fiscally independent, an entity must have the authority to do all of the following: (a) determine its budget without the School District having the authority to approve or modify that budget; (b) levy taxes or set rates or charges without approval by the School District; and (c) issue bonded debt without approval by the School District. An entity has a financial benefit or burden relationship with the School District if, for example, any one of the following conditions exists: (a) the School District is legally entitled to or can otherwise access the entity’s resources, (b) the School District is legally obligated or has otherwise assumed the obligation to finance the deficits or, or provide financial support to, the entity, or (c) the School District is obligated in some manner for the debt of the entity. Finally, an entity could be a component unit even if it met all the conditions described above for being fiscally independent if excluding it would cause the School District’s financial statements to be misleading.

Blended component units, although legally separate entities, are in substance, part of the government’s operations and data from these units are combined with data of the primary government in the fund financial statements. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the School District. Based on the criteria above, the School District does not have any blended or discretely presented component units.

B. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the School District (the “Primary Government”) and its component units. For the most part, the effect of interfund activity has been removed from these statements.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Governmental activities, which normally are supported by taxes and intergovernmental revenues, would be reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support. The School District does not report any business-type activities. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

The **Government-Wide Financial Statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are Fiduciary Fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide financial statements are prepared using a different measurement focus from the manner in which governmental fund financial statements are prepared (see further detail below). Governmental fund financial statements therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the statements for governmental funds.

Governmental Fund Financial Statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, arbitrage, and claims and judgments, are recorded only when payment is due.

Property taxes, federal and state grant programs and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash has been received by the government.

Fund financial statements report detailed information about the School District. The focus of Governmental Fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Fiduciary Funds are reported by fund type.

When both restricted and unrestricted resources are available for use, it is the School District's practice to use restricted resources first, then unrestricted resources as they are needed.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. There are a minimum number of funds maintained to keep the accounts consistent with legal and managerial requirements. The following major funds and fund types are used by the School District.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Governmental Fund Types are those through which most governmental functions of the School District are financed. The School District's expendable financial resources and related assets and liabilities (except for those accounted for in the Fiduciary Fund) are accounted for through governmental funds. Governmental funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. The following are the School District's major and nonmajor governmental fund types:

The following are the School District's major governmental fund types:

The **General Fund - a major fund** and a budgeted fund, is the general operating fund of the School District and accounts for all revenues and expenditures of the School District except those required to be accounted for in other funds. All general tax revenues and other receipts that (a) are not allocated by law or contractual agreement to other funds or (b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The School District has the following major Special Revenue Funds:

- i) **The Special Revenue Fund, a major fund** and an unbudgeted fund, is used to account for financial resources provided by federal, state and local projects and grants that are restricted, committed or assigned for specific educational programs.
- ii) **The Education Improvement Act ("EIA") Fund, a major fund** and an unbudgeted fund, is used to account for and report the restricted revenue from the South Carolina Education Improvement Act of 1984 (which is legally required by the state to be accounted for as a specific revenue source) which are restricted for specific programs authorized or mandated by EIA.
- iii) **Food Service Fund, a major fund and** an unbudgeted fund, is used to account for and report the financial resources received that are restricted for the cafeteria operations at school locations. These resources primarily consist of revenues received (a) from breakfast, lunch, and other food sales and (b) from the United States Department of Agriculture's ("USDA") approved school breakfast and lunch programs.

The **Debt Service Fund - a major fund** and an unbudgeted fund, is used to account for and report the accumulation of financial resources that are restricted, committed, or assigned for the payment of all long-term debt principal, interest and related costs for the School District.

The **Capital Projects Fund - a major fund** and an unbudgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures of capital outlay related to equipment, site acquisitions, construction, renovation of capital facilities, and other capital assets for the School District.

Fiduciary Fund types use the economic resources measurement focus and the accrual basis of accounting; they are used to account for expendable assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds and include Agency Funds. Fiduciary Fund Types include the following fund:

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The *Agency Fund* accounts for the receipt and disbursement of monies to and from student activity organizations. These funds have no equity (assets are equal to liabilities) and do not include revenues and expenditures for general operation of the School District. This accounting reflects the agency relationship of the School District with the student activity organizations. Agency funds do not have a measurement focus.

Significant New Accounting Standards Adopted – Change in Accounting Principle

The School District implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* (“GASB 68”) and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68* (“GASB 71” and collectively “Statements”) in the year ended June 30, 2015. The primary objective of these Statements is to improve accounting and financial reporting by state and local governments for pensions. In addition, state and local governments who participate in a cost-sharing multiple employer plan are now required to recognize a liability for its proportionate share of the net pension liability of that plan. It is GASB’s intention that these Statements will provide citizens and other users of the financial statements with a clearer picture of the size and nature of the School District’s financial obligations to current and former employees for past services rendered. In particular, these Statements require the School District to recognize a net pension liability, deferred outflows of resources, and deferred inflows of resources for its participation in the South Carolina Retirement System (“Plan”), a cost-sharing multiple-employer defined benefit pension plan, on financial statements prepared on the economic resources measurement focus and accrual basis of accounting (i.e., the statement of net position) and present more extensive note disclosures.

The adoption of these Statements had no impact on the School District’s governmental fund financial statements, which continue to report expenditures in the amount of the contractually required contributions, as required by the South Carolina Public Employee Benefit Authority (“PEBA”) who administers the Plan. However, the adoption has resulted in the restatement of the District’s net position as of July 1, 2014 for its government-wide financial statements to reflect the reporting of net pension liabilities and deferred outflows of resources for the qualified Plan in accordance with the provisions of these Statements. Net position of the School District’s government-wide wide financial statements as of July 1, 2014 was decreased by approximately \$79,145,000, reflecting the cumulative change in accounting principle related to the adoption of these Statements . See Note IV.A for more information regarding the School District’s retirement plans.

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity

1. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

The School District considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and investments in the South Carolina Pooled Investment Fund (“Pool”) to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) that are not purchased from the pool are reported as investments.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

1. Cash, Cash Equivalents, and Investments (Continued)

Investments

The School District's investment policy is designed to operate within existing statutes (which are identical for all funds, fund types and component units within the State of South Carolina) that authorize the School District to invest in the following:

- (a) Obligations of the United States and its agencies, the principal and interest of which is fully guaranteed by the United States.
- (b) Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (c) (i) General obligations of the State of South Carolina or any of its political units; or (ii) revenue obligations of the State of South Carolina or its political units, if at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (a) and (b) above held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.
- (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made (i) is limited to obligations described in items (a), (b), (c), and (f) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method.

The School District's cash investment objectives are preservation of capital, liquidity and yield. The School District reports its cash and investments at fair value which is normally determined by quoted market prices (except as noted).

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

1. Cash, Cash Equivalents, and Investments (Continued)

Investments (Continued)

The School District currently or in the past year has used the following investments:

- South Carolina Local Government Investment Pool ("Pool") investments are invested with the South Carolina State Treasurer's Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The Pool is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. The Pool is a 2a 7-like pool which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but has a policy that it will operate in a manner consistent with the SEC's Rule 2a 7 of the Investment Company Act of 1940. In accordance with GASB Statement No. 31, "*Accounting and Financial Reporting for Certain Investments and for External Investment Pools*", investments are carried at fair value determined annually based upon quoted market prices. The total fair value of the Pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1.00.
- Cash and Investments held by the County Treasurer which are property taxes collected and other funds received by the School District's fiscal agent that have not been remitted to the School District. The County Treasurer invests these funds in investments authorized by state statute as outlined above. All interest and other earnings gained are added back to the fund and are paid out by the County Treasurer to the respective governments on a periodic basis.

2. Interfund Receivables and Payables

Transactions between funds that are representative of reimbursement arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the statement of net position.

3. Inventories and Prepaid Items

Inventories

If material, inventories in the Food Service Fund consist of purchased goods, supplies and United States Department of Agriculture ("USDA") commodities, which are stated at values assigned by the USDA. Under the system for accounting for inventories, materials and supplies are carried in an inventory account at cost, using the first-in, first-out method of accounting, and are subsequently charged to expenditures when consumed (consumption method).

Prepaid Items

If material, certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

4. Capital Assets

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of \$5,000. However, all land will be capitalized regardless of cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of capital assets is not capitalized for governmental activities as allowed by GAAP. The School District does not maintain ownership of any public domain ("infrastructure") general capital assets. All reported capital assets except land and construction in progress are depreciated. Construction projects begin being depreciated once they are completed and placed in service, at which time the complete costs of the project are transferred to the appropriate capital asset category.

Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Capital Asset Category</u>	<u>Useful Life Range</u>
Buildings and Improvements	30–50 years
Machinery and Equipment	3–10 years

5. Compensated Absences

The School District reports compensated absences in accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*. School District employees are granted vacation and sick leave in varying amounts. Upon retirement 12-month employees are reimbursed for accumulated vacation days not to exceed 10 days. Unused sick leave is not reimbursed. Because the compensated absences liability for vacation pay is immaterial, no amounts have been recorded in the government-wide financial statements.

6. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due and payable. In general, payments made within sixty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due and payable.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the Statement of Net Position. If material, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses. If applicable, accrued arbitrage payable is also reflected in long-term obligations.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

6. *Accrued Liabilities and Long-Term Obligations (Continued)*

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as expenditures.

7. *Deferred Outflows / Inflows of Resources*

In addition to assets, the statement of net position (government-wide) and the balance sheet (governmental funds) will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District currently has one type of deferred outflows of resources: (1) The School District reports deferred pension charges in its government-wide statement of net position in connection with its net pension liability for its participation in the South Carolina Retirement System. These deferred pension charges are either (a) recognized in the subsequent period as a reduction of the net pension liability (which includes pension contributions made after the measurement date) or (b) amortized in a systematic and rational method as pension expense in future periods in accordance with GAAP.

In addition to liabilities, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School District currently has two types of deferred inflows of resources: (1) The School District reports unavailable revenue – property taxes only in the governmental funds Balance Sheet; it is deferred and recognized as an inflow of resources (property tax revenues) in the period the amounts become available. (2) The School District also reports deferred pension credits in its Statements of Net Position in connection with its participation in the South Carolina Retirement System. These deferred pension credits are amortized in a systematic and rational method and recognized as a reduction of pension expense in future periods in accordance with GAAP.

8. *Fund Balance*

In accordance with GAAP, the School District classifies governmental fund balances as follows.

Nonspendable – includes amounts that inherently cannot be spent either because it is not in spendable form (i.e. prepaids, inventories, etc.) or because of legal or contractual requirements (i.e. principal on an endowment, etc.).

Restricted – includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action made by the highest level of decision making authority (Board of Trustees) before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed amounts (if any) for the School District consist of amounts approved by a majority vote of the Board of Trustees by resolution before the end of the reporting period.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

8. Fund Balance (Continued)

Assigned – includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed and that such assignments are made before the report issuance date. Assigned fund balance for the School District consists of (a) motions approved by the Board of Trustees before the report issuance date that are for a specific purposes and (b) appropriations of current fund balance (made in the annual budget process) for the succeeding budget year.

Unassigned – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts of restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance. The School District has a policy that the unassigned fund balance for the General Fund should be at least 25% of the following year's budgeted expenditures.

The School District generally uses restricted amounts to be spent first when both restricted and unrestricted (committed, assigned, and unassigned) fund balance is available unless there are legal documents, contracts, or agreements that prohibit doing such. Additionally, the School District generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

9. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the Statement of Net Position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments.

10. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures are recorded to reflect the use of the applicable spending appropriations, is used by the General Fund during the year to control expenditures. Encumbrances do not constitute expenditures or liabilities. For budget purposes encumbrances and unused expenditure appropriations lapse at year end.

11. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the School District's management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. In addition, they affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and assumptions.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows / Inflows of Resources, and Equity (Continued)

12. Pensions

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting, regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting. See Note IV.A and the required supplementary information immediately following the notes to the financial statements for more information. The School District recognizes a net pension liability for each qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified pension plan, or the School District's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the School District's fiscal year-end. Changes in the net pension liability during the period are recorded as pension expense, or as deferred outflows or inflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

13. Other Postemployment Benefits

Other Postemployment Benefits ("OPEB") cost for retiree healthcare and similar, non-pension retiree benefits, is required to be measured and disclosed using the accrual basis of accounting (see Note IV.B), regardless of the amount recognized as OPEB expense on the modified accrual basis of accounting. Annual OPEB cost is equal to the annual required contributions to the OPEB Plan, calculated in accordance with GAAP.

14. Comparative Data

Comparative data (i.e. presentation of prior year totals by fund type) has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Budgetary Practices – The General Fund budget is presented as required supplementary information. The budget is presented on the modified accrual basis of accounting which is consistent with accounting principles generally accepted in the United States of America.

The budget is prepared by function and object as dictated by the State of South Carolina adopted Program Oriented Budgeting and Accounting System and for management control purposes. The School District's policies allow funds to be transferred between functions. However, the total budget cannot be increased beyond that level without approval of the Board in a supplementary action. The legal level of control is at the fund level. During the year, the Board did not revise the budget.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- (1) In the spring the School District begins its budget process for the next succeeding fiscal year.
- (2) The School District's leadership team reviews all requests and allocation requirements and related revenue.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

A. Budgetary Information (Continued)

(3) The School District Administration then presents a proposed budget to the Board of Trustees which reviews it in a series of workshops and makes any additions or deletions it deems necessary.

(4) Prior to July 1, the budget is legally enacted through passage of a resolution by the Board.

The administration has discretionary authority to make transfers between appropriation accounts. The final budget amounts in the budgetary comparison schedule are as amended (if any) by the administration. All annual appropriations lapse at fiscal year end.

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES

A. Deposits and Investments

Deposits

Custodial Credit Risk for Deposits: Custodial credit risk for deposits is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. The School District does not have a deposit policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2015, none of the School District's total bank balances (including fiduciary funds) of approximately \$762,000, with a carrying value of approximately \$615,000, was exposed to custodial credit risk.

Investments

As of June 30 2015, the School District had the following investments and maturities:

Investment Type	Credit Rating	Fair Value	Weighted Average Maturity Less than One Year
State Local Government Investment Pool	Unrated <	\$ 13,732,751	\$ 13,732,751
Cash and Investments Held by County Treasurer	Unrated*	124,043,268	124,043,268
Total		<u>\$ 137,776,019</u>	<u>\$ 137,776,019</u>

< Investments in 2a 7-like funds are not required to disclose credit risk.

* The County Treasurer invests the monies it holds in trust for governmental entities in separate accounts with the State Local Government Investment Pool. Thus, the School District has characterized this investment as a 2a 7-like fund.

Interest Rate Risk: The School District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates. However, the School District primarily uses the South Carolina Local Government Investment Pool or the County Treasurer (York County) for its investments. The balances invested in these pools are subject to withdrawals on a daily basis.

Custodial Credit Risk for Investments: Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School District does not have an investment policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2015, none of the School District's investments were exposed to custodial credit risk.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

A. Deposits and Investments (Continued)

Investments (Continued)

Credit Risk for Investments: Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The School District does not have an investment policy for credit risk but follows the investment policy statutes of the State of South Carolina.

Concentration of Credit Risk for Investments: The School District places no limit on the amount the School District may invest in any one issuer. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from concentration of credit risk disclosures.

B. Property Taxes and Other Receivables

Real Property taxes are levied on October 1 for the assessed valuations of property located in York County as of the preceding January 1, and are due and payable at that time. All unpaid taxes levied October 1 become delinquent January 15 of the following year, and property taxes attach as an enforceable lien if not paid by March 16 of the following year.

Penalties are added to taxes depending on the date paid as follows:

January 16 through February 1	3% of Tax
February 2 through March 16	10% of Tax
March 17 and Thereafter	15 % of Tax Plus Collection Costs

Motor vehicle taxes are levied on the first day of the month in which the motor vehicle license expires and is due by the end of the month. Property taxes are billed and collected by York County. Property tax revenue is recognized when collected by the County Treasurer's Office. Real property taxes collected within 60 days after fiscal year end are also recognized as revenue for the year.

For the year ended June 30, 2015, the operating millage rate was set at 175 mills (169 mills in the prior year) to cover the general operations of the School District; in addition, there is also a County Wide millage of 30 mills for general operations. The debt service millage rate was set at 24 mills (24 mills in the prior year) to cover the scheduled debt service requirements of the School District.

On the government-wide and fund financial statements, taxes receivable are approximately \$2,939,000 (which is net of an allowance for uncollectables of approximately \$205,000) at June 30, 2015. Allowances for uncollectables were not necessary for the other receivable accounts.

Delinquent property taxes of approximately \$162,000 in the General Fund, and \$39,000 in the Debt Service Fund, have been recognized as revenue at June 30, 2015, because they were collected within 60 days after year end and are considered measurable and available.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

C. Unavailable and Unearned Revenues

Governmental funds report unavailable revenues (as a component of deferred inflows of resources) in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Also, both the government-wide financial statements and governmental funds do not recognize revenue in connection with resources that have been received, but not yet earned. At June 30, 2015, the various components of unavailable and unearned revenue were as follows:

Unavailable Revenues:

Delinquent Property Taxes Receivable (General Fund)	\$ 2,305,625
Delinquent Property Taxes Receivable (Debt Service - Fund)	432,399
Total Unavailable Revenues for Governmental Funds	<u>\$ 2,738,024</u>

Unearned Revenues:

Revenue Collected, but Unearned (Special Revenue Fund)	\$ 843,697
Revenue Collected, but Unearned (Special Revenue - EIA Fund)	1,661,155
Revenue Collected, but Unearned (Special Revenue - Food Service Fund)	65,839

Total Unearned Revenues for both Government-wide Financial Statements and Governmental Funds	<u>\$ 2,570,691</u>
--	---------------------

D. Interfund Receivables and Payables

Interfund receivables and payables at June 30, 2015 (all of which are expected to be repaid within one year), consisted of the following individual fund receivables and payables:

Fund	Receivables	Payables
General Fund	\$ 4,423,573	\$ 2,367,863
Special Revenue Funds:		
Special Revenue	844,308	563,819
EIA	1,611,088	67,119
Food Service	543,405	-
Capital Projects Fund	-	4,584,419
Debt Service	160,846	-
Total	<u>\$ 7,583,220</u>	<u>\$ 7,583,220</u>

Most cash activities are recorded in the General Fund, and as a result, receivables and payables exist at year end that are either due to or due from the General Fund or other funds. Various differences include Special Revenue payments not received from the State Department of Education until after the fiscal year end, fringe amounts paid by the General Fund for Food Service, and capital project transfers from the General Fund to the Capital Projects Fund.

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

E. Transfers In and (Out)

Transfers in (out) from funds for the year ended June 30, 2015, consisted of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$ 3,250,000
Capital Projects Fund	3,250,000	-
	<u>\$ 3,250,000</u>	<u>\$ 3,250,000</u>

Transfers are routinely made for school activity costs between the General Fund and the pupil activity funds. The School District made transfers from the General Fund (as in the prior year) to the Capital Projects Fund for \$3,250,000 for designated future capital projects.

F. Capital Assets

Capital asset activity for the School District for the year ended June 30, 2015, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental Activities:					
Capital Assets, Non-Depreciable:					
Land	\$ 13,897,688	80,658	-	-	\$ 13,978,346
Construction in Progress	2,778,858	19,827,141	-	(1,224,290)	21,381,709
Total Capital Assets, Non-Depreciable	<u>16,676,546</u>	<u>19,907,799</u>	<u>-</u>	<u>(1,224,290)</u>	<u>35,360,055</u>
Capital Assets, Depreciable:					
Buildings and Improvements	148,363,109	-	-	1,224,290	149,587,399
Machinery and Equipment	5,671,536	95,606	-	-	5,767,142
Total Capital Assets, Depreciable	<u>154,034,645</u>	<u>95,606</u>	<u>-</u>	<u>1,224,290</u>	<u>155,354,541</u>
Less: Accumulated Depreciation for:					
Buildings and Improvements	35,551,526	3,457,281	-	-	39,008,807

Total Accumulated Depreciation	<u>39,410,025</u>	<u>3,838,162</u>	<u>-</u>	<u>-</u>	<u>43,248,187</u>
Total Capital Assets, Depreciable, Net	<u>114,624,620</u>	<u>(3,742,556)</u>	<u>-</u>	<u>1,224,290</u>	<u>112,106,354</u>
Governmental Activities Capital Assets, Net	<u>\$ 131,301,166</u>	<u>16,165,243</u>	<u>-</u>	<u>-</u>	<u>\$ 147,466,409</u>

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

F. Capital Assets (Continued)

Depreciation expense was charged to functions/programs of the primary government as follows:

	<u>Depreciation</u>
Governmental Activities:	
Instruction	\$ 3,258,013
Support Services	580,149
Total - Governmental Activities	<u>\$ 3,838,162</u>

G. Long-Term Obligations

The general obligation bonds ("GO") payable at June 30, 2015, were comprised of the following:

- 2007-A Series: Original issue of 58,500,000. Proceeds were used for construction and renovation costs in the School District. During the year ended June 30, 2015, the School District paid its regularly scheduled principal payment of \$3,120,000 and also advance refunded \$45,660,000, leaving a remaining outstanding balance of \$6,710,000 which is due as scheduled in March 2016 and March 2017 with interest at 5%.
- 2014 Series: Original issue of 67,000,000, principal due in annual installments of \$710,000 to \$8,950,000 on March 1 beginning in 2015 through 2034; interest at 4.0% to 5.00% paid semiannually. A premium on the issuance of these bonds was received of \$5,761,855. Proceeds were used for construction and renovation costs in the School District.
- 2015-A Series: \$41,400,000 General Obligation Advanced Refunding Bond Series 2015-A to advance refund \$45,660,000 of the outstanding balance of the 2007-A Series. The School District placed \$49,377,714 in an irrevocable trust for the purpose of generating resources for all future debt service payments related to the bonds that were advance refunded. Accordingly, the 2007-A Series are considered to be defeased; they are expected to be redeemed on March 1, 2017. The reacquisition price exceeded the net carrying amount of the old debt by approximately \$2,266,000, which was expensed on the government-wide financial statements due to its immaterial amount. The District entered into this refunding to take advantage of lower interest rates, resulting in a reduction of total debt service payments of approximately \$4,794,000 and an economic gain of approximately \$4,212,000. Bonds are due in annual installments ranging from \$50,000 to \$5,290,000 beginning March 2016 through March 2027 with interest at 4.00% to 5.00%. In connection with the 2015 Bond Issue, a premium of \$8,407,259 was recorded and is being amortized over the life of the bonds.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES (CONTINUED)

G. Long-Term Obligations (Continued)

Following is a summary of changes in the School District long-term obligations for the year ended June 30, 2015:

Long-Term Obligation	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
2007-A GO Bonds *	\$ 55,490,000	-	48,780,000	6,710,000	\$ 3,270,000
2014 GO Bonds *	-	67,000,000	-	67,000,000	710,000
2015-A GO Bonds Refunding *	-	41,400,000	-	41,400,000	50,000
Total GO Bonds	55,490,000	108,400,000	48,780,000	115,110,000	4,030,000
Total Premiums	1,572,950	14,169,114	1,985,197	13,756,867	-
Total Governmental Activities	\$ 57,062,950	122,569,114	50,765,197	128,866,867	\$ 4,030,000

* This debt is not subject to the 8% debt limitation as it was approved by voter referendum.

Resources primarily from the Debt Service Fund have been used to liquidate the long-term obligations of the School District.

The annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30	Principal	Interest	Total
2016	\$ 4,030,000	4,747,603	\$ 8,777,603
2017	4,260,000	4,966,150	9,226,150
2018	4,040,000	4,753,650	8,793,650
2019	4,250,000	4,551,650	8,801,650
2020	4,465,000	4,339,150	8,804,150
2021-2025	26,005,000	18,109,000	44,114,000
2026-2030	34,320,000	11,181,750	45,501,750
2031-2034	33,740,000	3,441,600	37,181,600
Total	\$ 115,110,000	56,090,553	\$ 171,200,553

The School District has authority to issue general obligation bonds each calendar year, subject to a constitutional debt limit equal to 8% of the assessed value of all taxable property in the School District. The debt limitation does not apply to certain certificates of participation, debt approved through a School District-wide referendum, and original or refunding debt for obligations issued on or before November 30, 1982. The School District's constitutional debt limit at June 30, 2015, was approximately \$25,562,000.

CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION

A. State Retirement Plans

The School District participates in the State of South Carolina's retirement plan, which is administered by the South Carolina Public Employee Benefit Authority ("PEBA"), which was created on July 1, 2012 and administers the various retirement systems and retirement programs managed by its Retirement Division. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as co-trustee and co-fiduciary of the systems and the trust funds. By law, the Budget and Control Board, which consists of five elected officials, also reviews certain PEBA Board decisions regarding the funding of the Systems and serves as a co-trustee of the Systems in conducting that review. PEBA issues a Comprehensive Annual Financial Report ("CAFR") containing financial statements and required supplementary information for the South Carolina Retirement Systems' Pension Trust Funds. The CAFR is publicly available on the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, PO Box 11960, Columbia, SC 29211-1960. PEBA is considered a division of the primary government of the State of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the State.

Plan Description

The South Carolina Retirement System ("SCRS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for employees of the state, its public school districts, and political subdivisions.

The State Optional Retirement Program ("ORP") is a defined contribution plan that is offered as an alternative to certain newly hired state, public school, and higher education employees. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers.

Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

- SCRS - Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.
- State ORP - As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the S.C. General Assembly beginning with the November 2012 general election have the option to participate in the State Optional Retirement Program (State ORP), which is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers. For this reason, State ORP programs are not considered part of the retirement systems for financial statement purposes. Employee and Employer contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employers to the member's account with investment providers for the employee contribution (8%) and a portion of the employer contribution (5%). A direct remittance is also required to SCRS for the remaining portion of the employer contribution (5.75%) and an incidental death benefit contribution (0.15%), if applicable, which is retained by SCRS.

**CLOVER SCHOOL DISTRICT NO. 2

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented below.

- **SCRS** - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

Plan Contributions

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. The PEBA Board may increase the SCRS employer and employee contribution rates on the basis of the actuarial valuations, but any such increase may not result in a differential between the employee and employer contribution rate that exceeds 2.9 percent of earnable compensation for the SCRS. An increase in the contribution rates adopted by the board may not provide for an increase of more than one-half of one percent in any one year. If the scheduled employee and employer contributions provided in statute or the rates last adopted by the board are insufficient to maintain a thirty year amortization schedule of the unfunded liabilities of the plans, the board shall increase the contribution rates in equal percentage amounts for the employer and employee as necessary to maintain the thirty-year amortization period; and, this increase is not limited to one-half of one percent per year.

CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Plan Contributions (Continued)

As noted above, both employees and the School District are required to contribute to the Plan at rates established and as amended by the PEBA. The School District's contributions are actuarially determined, but are communicated to and paid by the District as a percentage of the employees' annual eligible compensation as follows for the past three years:

	SCRS and State ORP Rates		
	2013	2014	2015
Employer Rate:			
Retirement *	10.45%	10.45%	10.75%
Incidental Death Benefit	0.15%	0.15%	0.15%
Accidental Death Contributions	0.00%	0.00%	0.00%
	<u>10.60%</u>	<u>10.60%</u>	<u>10.90%</u>
Employee Rate	<u>7.00%</u>	<u>7.50%</u>	<u>8.00%</u>

* Of the rate for the State ORP Plan, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

The required contributions and percentages of amounts contributed by the School District to the Plans for the past three years were as follows:

Year Ended June 30,	SCRS Contributions		State ORP Contributions	
	Required	% Contributed	Required	% Contributed
2015	\$ 4,518,006	100%	\$ 268,785	100%
2014	4,251,501	100%	234,916	100%
2013	\$ 4,056,918	100%	\$ 210,617	100%

Eligible payrolls of the School District covered under the Plans for the past three years were as follows:

Year Ended June 30,	SCRS Payroll	State ORP Payroll	Total Payroll
2015	\$ 41,449,598	4,555,672	\$ 46,005,270
2014	40,108,503	4,194,922	44,303,425
2013	\$ 38,272,807	3,761,010	\$ 42,033,817

CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The most recent annual actuarial valuation reports adopted by the PEBA Board and Budget and Control Board are as of July 1, 2013. The net pension liability of each defined benefit pension plan was therefore determined based on the July 1, 2013 actuarial valuations, using membership data as of July 1, 2013, projected forward to the end of the fiscal year, and financial information of the pension trust funds as of June 30, 2014, using generally accepted actuarial procedures. Information included in the following schedules is based on the certification provided by PEBA's consulting actuary, Gabriel, Roeder, Smith and Company.

The net pension liability ("NPL") is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67 less that System's fiduciary net position. For the year ended June 30, 2014, NPL amounts and the change in NPL amounts for SCRS are as follows:

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Pension Liability (Asset)	Plan Fiduciary Net Position as a Percentage of the Total Pension
SCRS	\$ 42,955,205,796	25,738,521,026	\$ 17,216,684,770	59.92%

As allowed by GASB 68, the School District is reporting its net pension liabilities and related deferred outflow and inflows of resources using information from the State Retirement Plan measured as of June 30, 2014. Accordingly, as of June 30, 2015, the School District reported a liability of approximately \$80,277,000 for its proportionate share of the net pension liability for the SCRS Plan. The net pension liability was measured as of June 30, 2014, and the total pension liability for the Plan used to calculate the net pension liability was determined based on the most recent actuarial valuation report of July 1, 2013 that was projected forward to the measurement date. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the Plan relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At June 30, 2014, the School District's SCRS proportion was 0.466272 percent, which was equal to its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the School District recognized pension expense on its government-wide financial statements of approximately \$5,626,000. At June 30, 2015, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
SCRS		
Differences Between Expected and Actual Experience	\$ 2,274,701	\$ -
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	6,767,901
District's Contributions Subsequent to the Measurement Date	4,786,791	-
Total SCRS	\$ 7,061,492	\$ 6,767,901

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Approximately \$4,787,000 that was reported as deferred outflows of resources related to the School District's contributions subsequent to the measurement date to the SCRS will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the SCRS will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>SCRS</u>
2016	\$ (988,387)
2017	(988,387)
2018	(988,387)
2019	(1,528,039)
Total	<u>\$ (4,493,200)</u>

Actuarial Assumptions and Methods

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. The last experience study was performed on data through June 30, 2010, and the next experience study is scheduled to be conducted after the June 30, 2015 annual valuation is complete.

The following table provides a summary of the actuarial cost method and assumptions used in the July 1, 2013, valuations for the SCRS.

	<u>SCRS</u>
Actuarial Cost Method	Entry Age
Actuarial Assumptions:	
Investment Rate of Return	7.50%
Salary Increases	Levels off at 3.5%
Includes Inflation at	2.75%
Benefit Adjustments	Lesser of 1% or \$500

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Actuarial Assumptions and Methods (Continued)

The post-retiree mortality assumption is dependent upon the member's job category and gender. This assumption includes base rates which are automatically adjusted for future improvement in mortality using published Scale AA projected from the year 2000.

Former Job Class	Males	Females
Educators and Judges	RP-2000 Males (with White Collar adjustment) multiplied by 110%	RP-2000 Females (with White Collar adjustment) multiplied by 95%
General Employees and Members of the General Assembly	RP-2000 Males multiplied by 100%	RP-2000 Females multiplied by 90%
Public Safety, Firefighters and members of the South Carolina National Guard	RP-2000 Males (with Blue Collar adjustment) multiplied by 115%	RP-2000 Females (with Blue Collar adjustment) multiplied by 115%

The long-term expected rate of return on pension plan investments for actuarial purposes is based upon the 30 year capital market outlook at the end of the third quarter 2012. The actuarial long-term expected rates of return represent best estimates of arithmetic real rates of return for each major asset class and were developed in coordination with the investment consultant for the Retirement System Investment Commission ("RSIC") using a building block approach, reflecting observable inflation and interest rate information available in the fixed income markets as well as Consensus Economic forecasts. The actuarial long-term assumptions for other asset classes are based on historical results, current market characteristics and professional judgment.

The RSIC has exclusive authority to invest and manage the retirement trust funds' assets. As co-fiduciary of the Systems, statutory provisions and governance policies allow the RSIC to operate in a manner consistent with a long-term investment time horizon. The expected real rates of investment return, along with the expected inflation rate, form the basis for the target asset allocation adopted annually by the RSIC. For actuarial purposes, the long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and then adding the actuarial expected inflation which is summarized in the table on the following page. For actuarial purposes, the 7.50 percent assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75 percent real rate of return and a 2.75 percent inflation component.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Actuarial Assumptions and Methods (Continued)

Asset Class	Target Allocation	Expected Arithmetic Real Rate of Return	Long Term Expected Portfolio Real Rate of Return
Short Term	5.0%		
Cash	2.0%	0.3%	0.01%

Total Expected Real Return	100.0%		5.88%
Inflation for Actuarial Purposes			2.75%
Total Expected Nominal Return			8.63%

Discount Rate

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table presents the sensitivity of the School District's proportionate share of the net pension liability of the Plan as of June 30, 2014 to changes in the discount rate, calculated using the discount rate of 7.5 percent, as well as what it would be if it were calculated using a discount rate that is 1% point lower (6.5 percent) or 1% point higher (8.5 percent) than the current rate:

System	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
District's proportionate share of the net pension liability of the SCRS	\$ 103,882,852	80,276,580	\$ 60,582,170

CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

A. State Retirement Plans (Continued)

Plan Fiduciary Net Position

Detailed information regarding the fiduciary net position of the Plan administered by PEBA is available in the separately issued CAFR containing financial statements and required supplementary information for the SCRS. The CAFR of the Pension Trust Funds is publicly available on PEBA's Retirement Benefits' website at www.retirement.sc.gov, or a copy may be obtained by submitting a request to PEBA, PO Box 11960, Columbia, SC 29211-1960.

Payable to Plan

The School District reported a payable of approximately \$857,000 to the PEBA as of June 30, 2015, representing required employer and employee contributions for the month of June 2015 for the SCRS. This amount is included in Accrued Salaries, Fringe and Benefits on the financial statements and was paid in July 2015.

B. Other Postemployment Benefits

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State of South Carolina ("State") provides health, dental, and long-term disability benefits ("OPEB Plan") to retired State and school district employees and their covered dependents. The OPEB plans have been determined to be cost-sharing multiple-employer defined benefit plans and are administered by the Employee Insurance Program ("EIP"), a part of the State of South Carolina.

Generally, retirees are eligible for the health and dental benefits if they have established 10 years of retirement service credit. For new hires on or after May 2, 2008, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15 – 24 years of service for 50% employer funding. Benefits become effective when the former employee retires under a state retirement system (i.e. SCRS, PORS, etc.). Basic long-term disability ("BLTD") benefits are provided to active state, school district and participating local government employees approved for disability. Complete financial statements for the OPEB plans may be obtained by writing to the PEBA Retirement Benefits and Insurance Benefits, 202 Arbor Lake Drive, Suite 360, Columbia, SC 29223.

The Code of Laws of the State, as amended, requires these post-employment healthcare and long-term disability benefits be funded through annual appropriation by the General Assembly for active employees to the EIP and participating retirees to the State of South Carolina except for the portion funded through the pension surcharge (retiree surcharge) who are not funded by State General Fund appropriations. Employers participating in the healthcare plan are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget. The EIP sets the employer contribution rate based on a pay-as-you-go basis. The School District has no liability beyond the payment of monthly contributions.

The required employer contribution surcharge percentages were 5.00%, 4.92%, and 4.55% for the years ended June 30, 2015, 2014, and 2013, respectively. The actual required employer contribution surcharge amounts were approximately \$2,300,000; \$2,180,000; and \$1,913,000 for the years ended June 30, 2015, 2014, and 2013, respectively. The actual contribution rates and amounts were 100% of the required employer contribution surcharge percentages and amounts for the OPEB Plan for all years presented.

**CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA**

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2015

IV. OTHER INFORMATION (CONTINUED)

C. Risk Management

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees' and natural disasters. The School District continues to carry commercial insurance for property and casualty insurance. There has been no reduction in insurance coverage as compared to the prior year. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

D. Grants

The School District participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits of major program requirements under the Office of Management and Budgets' Circular A-133 *Audits of States, Local Governments, and Non-profit Organizations*. Any disallowed claims, including amounts already collected, could become a liability of the School District. However, the School District expects such amounts, if any, to be immaterial.

E. Fund Balance Assignment

An additional assignment of fund balance of approximately \$3,250,000 for school capital projects was made as of June 30, 2015. The School District reflected the Board's policy by transferring the assigned funds from the General Fund to the Capital Projects Fund. Therefore, as of June 30, 2015 the Board has remaining approximately \$37,819,000 (including earned interest) in total funds assigned for construction projects.

F. Concentration of Property Tax Revenue Risk

The School District receives approximately 65% of its local property tax revenue, not considering owner-occupied values, from one source, the Catawba Nuclear Station.

G. Commitments and Contingencies

The School District had significant construction commitments outstanding at year end for the completion of a new middle school and elementary school, the completion of the aquatics center, and the completion of artificial turf fields for a total commitment of approximately \$61,491,000 as of June 30, 2015.

H. Operating Lease

In September 2013, the School District entered into an operating lease for computer equipment that is being used by students. The lease requires three annual payments of approximately \$1,392,000. The School District has made the first two payments; the last payment is scheduled for March 2016.

I. Subsequent Events

Millage Increase

The Board of Trustees approved a 5 mill increase (increased to 180 mills from 175 mills) for the next property tax year for the general operations of the School District. The Board of Trustees did not adjust debt service millage for the next property tax year for the scheduled debt service requirements of the School District.

Combining and Individual Fund Financial Schedules

Clover School District No. 2
Clover, South Carolina

Comprehensive Annual Financial Report

General Fund

The *General Fund, a major fund* and a budgeted fund, is the general operating fund of the School District and accounts for all revenues and expenditures of the School District except those required to be accounted for in another fund. All general tax revenues and other receipts that (a) are not allocated by law or contractual agreement to other funds or (b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Clover School District No. 2
Clover, South Carolina

Comprehensive Annual Financial Report

Special Revenue and Special Revenue - EIA Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The School District has the following two major Special Revenue Funds that are included in this section:

- i) The *Special Revenue Fund, a major fund* and an unbudgeted fund, is used to account for and report financial resources provided by federal, state, and local projects and grants that are restricted, committed or assigned for special education programs.
- ii) The *Special Revenue - Education Improvement Act (“EIA”) Fund, a major fund* and an unbudgeted fund, is used to account for and report the restricted revenues from the South Carolina Education Improvement Act of 1984 (which is legally required by the state to be accounted for as a specific revenue source) which are restricted for specific programs authorized or mandated by the EIA.

Clover, South Carolina

Comprehensive Annual Financial Report

Fiduciary Fund-Agency-Pupil Activity

Fiduciary Fund Types are used to account for expendable assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds and include Agency Funds. Fiduciary Fund Types include the following:

The *Agency Fund*, an unbudgeted fund, accounts for the receipt and disbursement of monies to and from student activity organizations. These funds have no equity (assets are equal to liabilities) and do not include revenues and expenditures for the general operation of the School District. This accounting reflects the agency relationship of the School District with the student activity organizations.

STATISTICAL SECTION

YEAR ENDED JUNE 30, 2015

This section of the Clover School District No. 2's (the "School District") comprehensive annual financial report presents detailed trend and other information as a context for understanding what the information in the financial statements, notes to the financial statements, required supplementary information and other supplementary information says about the School District's overall financial health.

Page Number

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

119

Revenue Capacity

These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.

125

Debt Capacity

These schedules present information to help the reader assess the affordability of the School District's current level of outstanding debt and the School District's ability to issue additional debt in the future.

129

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place.

133

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the School District's financial report relates to the services the School District's provides and the activities it performs.

135

Sources: Unless otherwise noted, the information in these schedules is derived from the prior year audit reports for the relevant year.

Note 1: The School District implemented GASB #54 "Fund Balance Reporting and Governmental Fund Type Definitions" ("GASB #54") in 2011. GASB #54 established new fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds. The School District has elected to apply GASB #54 prospectively - and thus has provided fund balance information before ("Pre") and after ("Post") its implementation.

Total Direct and Overlapping Debt			<u>\$ 141,523,515</u>

Sources: Assessed value data used to estimate applicable percentages and amount of debt outstanding provided by the applicable County and City.

Note 1: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the Clover School District Two's taxable assessed value that is within the government's boundaries and dividing it by York County's total taxable assessed value.

2: Overlapping rates are those of local and county governments that apply to property owners within Clover School District Two. Not all overlapping rates apply to all of the Clover School District Two's property owners (i.e., the rates for special districts apply only to the proportion of the Clover School District Two's property owners whose property is located within the geographic boundaries of the special district).

CLOVER SCHOOL DISTRICT NO. 2
CLOVER, SOUTH CAROLINA

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2015

A – General

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) presents the activity of all federal award programs of Clover School District No. 2, South Carolina (the “School District”) for the year ended June 30, 2015. All federal awards received directly from the federal agencies, as well as those passed through other government agencies, are included on the Schedule.

B – Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in the notes to the School District’s financial statements.

C – Relationship to Financial Statements

Federal award expenditures are reported in the School District’s financial statements as expenditures in the Special Revenue Fund and in the Special Revenue – Food Service Fund.

D – Relationship to Federal Financial Reports

Amounts reported in the accompanying Schedule agree with the amounts reported in the related federal financial reports except for timing differences relating to expenditures made subsequent to the filing of the federal financial reports.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Clover School District No. 2
Clover, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clover School District No. 2, South Carolina (the "School District") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated October 21, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON
INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY OMB CIRCULAR A-133**

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Clover School District No. 2
Clover, South Carolina

Report on Compliance for Each Major Federal Program

We have audited Clover School District No. 2, South Carolina's (the "School District") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2015. The School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
